ADOPTION AGREEMENT

FILL IN ON THE DAY OF ADOPTION

The animal has been SPAYED/NEUTERED Yes No

If not, adopter will bring back the adopted pet for spay/neuter at the date specified in the COMMITMENT TO SPAY NEUTER FORM.

Although PAWS takes every precaution to assure the health of its shelter animals, no guarantee of any kind can be given regarding the condition of the animal that has been adopted. The majority of animals come to the shelter with unknown medical histories. Please understand that any veterinary expenses incurred after adoption of the animal will be solely the adopter's responsibility.

The person adopting the animal has been briefed on the animal's habits/likes/dislikes and general behavior. Yes No

I, the undersigned adopting party have agreed to take care of the animal described in this document, with the utmost diligence of a good and responsible pet guardian. I understand that although PAWS takes reasonable care to screen animals for adoption, it makes no guarantee with regards to the animal's health, behaviors or actions.

I have been informed that all animals can from time to time carry and transmit diseases, some of which affect people, including bacteria, viruses, parasites, and fungal diseases (ie. ringworm) and that these diseases may be undetectable in what appears to be a healthy animal at the time of adoption.

I will inform PAWS of any situation that may arise, which will affect the welfare of my adopted pet.

I understand that part of PAWS' duty is to check on the well being of my adopted pet, and will make visits to my house from time to time.

I understand that should I decide not to keep the said animal anymore, I am obliged to return the animal to PARC. I am not allowed to transfer the animal to another person without the knowledge and approval of PAWS.

I am aware that pets may exhibit normal but potentially undesirable behaviors including, but not limited to, aggression, house soiling, biting, scratching (people, furniture and woodwork), barking, digging, mounting people's legs, urine marking (dogs), urine spraying (cats) and that these normal behavior patterns may be difficult to manage. No one at PAWS has told me that this pet will not engage in any of these behavior patterns.

Furthermore, I understand that PAWS is not to be held responsible for any property damage or personal injury suffered by myself, members of my household or any third party that may arise from this adoption, and that I alone, shall assume the responsibility to provide adequate controls to prevent such damage and/or injury.

Non-compliance with any part of this agreement shall give PAWS the right to take back the animal, without need of any judicial action, without any need of my prior approval or that of my duly authorized representative.
